

## Corporate Events

We put you in the drivers seat!

Admit it to yourself.....everyone at some time in their life has wondered what it would be like to be behind the wheel of a real racing vehicle. Dreaming of drifting through that last corner at Indy or Daytona.....the engine screams as you power down the main straight.....crossing the finish line with checkered flags flying as the crowds begin to chant your name. Then to stand on the podium as you are presented the championship award to commemorate your victory.

There is no need to explain to you why motorsports has become the number one spectator sport in North American. Batavia Motorsports Park can put you in the drivers seat for the experience of a lifetime.

START YOUR ENGINES.....AND LET'S HAVE FUN

### THE PRO KART EXPERIENCE

Introduced in Europe during the late 80's "Pro Karting" has grown into the largest paid leisure time sports around the world. Batavia Motorsports Park has become one of the very first companies in North America to introduce this new and exciting interactive racing program to this country.

A fleet of real racing karts and an entertaining and fun program designed to fit everyone's needs and budget is what has made Batavia Motorsports Park so successful. You don't need to sit in the stands anymore! For less than the price of a ticket to watch other motorsports events, you can be part of the action! Almost every major motorsports star began their career in karting and may still regularly compete to keep in shape

### DESIGNED FOR YOU

\*Parties of all types\*

\*Corporate entertainment\*

\*Client entertainment\*

\*Team unity building\*

\*Charity fundraising\*

\*League racing\*

## THE FACILITY

### BATAVIA INTERNATIONAL MOTORSPORTS PARK

#### Outdoor Pro Karting Facility

#### Featuring :

- 1100 m. paved world class road racing circuit.
- a fleet of real racing karts (capable of 50 mph)
- food service available from our track side café
- experienced on track circuit officials
- expert competition driving instruction.
- actual on track wheel to wheel competition.
- full participant insurance coverage for competitors.

## RACE VEHICLES

Batavia Motorsports Park has spared no expense to provide you the finest real race vehicle possible. The karts you will be driving are the very same equipment used world wide in competition and used to begin the careers of superstars like Al Unser Jr., Michael Andretti, Scott Goodyear, Scott Pruitt and so many others. The "Mike Wilson" brand chassis you will be driving, use only the highest quality billet aluminum components on a chromemoly tube frame. The motors are Briggs & Stratton Racing Engines, tuned to achieve maximum performance.

## STAFF

Our staff is made up of motorsports professionals, current officials and past competitors led by Batavia Motorsports Park operator Bob Trimper, all with four goals in mind:

1. to provide you quality instruction.
2. to provide you the finest race vehicles.
3. to provide you the most exciting circuit.
4. to make your event as FUN as possible

## THE BATAVIA CIRCUIT

Almost four decades ago, a Rochester native named Tom Kelly designed and built the race course that in later years would come to bear his name. This challenging circuit has been host to national karting championship events. A motorsports tradition continues today through both internationally sanctioned race events and Batavia Motorsports Park new PRO KART EXPERIENCE, which is introducing thousands of new people each season to the excitement of participating in actual wheel to wheel motorsports competition. This world class circuit stretches over 1/2 of a mile through the beautiful green western New York countryside. The first impression of this magnificent facility is often how "park like" and tranquil the area looks. The many elevation changes featuring manicured grounds reminding one of a country club golf course rather than a race track. It's the smell and the sound that will bring you back to racing reality as competitors streak up the 600 ft front straight at speeds approaching 50 mph and into the first big banked "monza" corner to the cheers of on looking spectators. Walk through the paddock in the footsteps of names like Scott Goodyear, Lake Speed, Scott Pruitt and so many others who began their careers in Batavia, New York.

## FOOD SERVICE

Our pit stop café is available for a variety of burgers, sandwiches and beverages during special events upon request.

## CORPORATE EVENT FORMAT

-Fitting of racing karts and driving apparel.

-Batavia Motorsports Park trained staff will give the participants driving instruction, safety instruction and go over the procedures.

-Lapping sessions to feel the characteristics of the racing equipment. This will also give the instructors time to coach the participants and give pointers to improve their performance.

-Heat races will be run. These races will set the grid position for the final race. Full wheel to wheel, all out racing excitement.

-The final race. Full wheel to wheel, all out racing excitement. Winner takes home the bragging rights.
